Dear Ms. Leuders:

On behalf of the City Council of the City of Lake Dallas, a city located on the western shores of Lewisville Lake, please accept this letter as an expression of the City's concern regarding the pending auction by the Bureau of Land Management (BLM) of the referenced federal property adjacent to and under Lewisville Lake for oil and gas production. An Environmental Assessment (EA) performed by the BLM identifies numerous risks to drinking water supplies that would result from the proposed auction of the Lewisville Lake property and the City strongly opposes such an action.

Respectfully, on behalf of the members of the Lake Dallas City Council,
